

# MENDOZA, CHRISTIAN DENVER

## IT INTERN

📞 09569321078    ✉️ christiandenvermendoza@gmail.com    📍 Manggahan Pasig City

### ABOUT ME

Highly adaptable and versatile IT student with experience developing and deploying web and mobile applications. Skilled in working with various frameworks, including Flutter, PHP, and Java, and proficient in both front-end and back-end development. Demonstrated ability to manage full project lifecycles, from concept to deployment, while ensuring scalability, responsiveness, and user satisfaction.

### EDUCATION

2021 - PRESENT	<b>Bachelor of Science in Information Technology   2021 - PRESENT</b> Polytechnic University of the Philippines
2019 - 2021	<b>STEM   Science, Technology, Engineering, and Mathematics</b> Polytechnic University of the Philippines

### PROJECTS

#### MiniMart Inventory Management System | 2023

Technologies: Java, MySQL

- Designed and implemented an application to manage real-time inventory for a retail environment.
- Developed CRUD operations (Create, Read, Update, Delete) for efficient stock management.
- Integrated MySQL database to track product availability, suppliers, and sales reports.
- Applied object-oriented principles to enhance scalability and code maintainability.

#### CD General Merchandise E-Commerce Website | 2024

Technologies: PHP, Bootstrap, MySQL

- Built a user-friendly e-commerce platform with secure payment and shopping cart functionality.
- Developed server-side scripts with PHP to handle user registration, product listings, and order management.
- Implemented responsive web design using Bootstrap to ensure compatibility across mobile and desktop devices.

#### E-Scooter Rental Website | 2024

Web / PHP, Bootstrap / Mysql

- Created a rental service website to facilitate scooter reservations, payments, and location tracking.
- Developed PHP modules for booking management, user profiles, and payment integration.
- Enhanced the user experience with a responsive interface using Bootstrap.
- Managed backend MySQL data for rentals, availability schedules, and customer feedback.

#### BakeAR (Capstone) | 2024 - 2025

Mobile / Flutter / RESTful API / Firebase

- Developed a cross-platform mobile application that uses augmented reality (AR) for baking tutorials.
- Integrated Firebase for user authentication, real-time database storage, and cloud notifications.
- Created RESTful APIs to connect the mobile app with third-party services.
- Focused on improving usability and accessibility with a clean, interactive interface.

### SKILLS

Front-end	Back-end	Cloud Service
<ul style="list-style-type: none"><li>• HTML</li><li>• CSS</li><li>• Flutter</li><li>• Javascript</li><li>• Bootstrap</li></ul>	<ul style="list-style-type: none"><li>• PHP</li><li>• RESTful API Integration</li></ul>	<ul style="list-style-type: none"><li>• Firebase</li></ul>

### ACHIEVEMENTS

- Graduated with honors in Junior High School
- Graduated with high honors in Senior High School
- Consistent President Lister 2021 - PRESENT
- Pasig City Scholar 2022 - PRESENT
